# MG ZS EV

Now you're talking.

**7** YEAR  
WARRANTY

## Fully electric. Fast charging. Feature-filled. Meet the New MG ZS EV.

The SUV that gives you more and now takes you even further.

The New MG ZS EV is here to give you a thrilling new perspective on affordable electric driving.

Loaded with new design features, upgraded technology and available in two new powerful battery options, this is the most technologically advanced MG ever.

Choose the MG ZS EV and get enhanced control with ISMART app technology, fast charging, a 360° camera, extended range up to 273 miles\* on a single charge and so much more.

Plus, with a 7 year warranty as standard, the New MG ZS EV SUV is ready to take you on more adventures than ever before.

\*From a single charge on the WLTP combined cycle: MG ZS EV: Combined Range: 198 miles (320 km), City Range: 268 miles (429 km); MG ZS EV Long Range: Combined Range: 273 miles (440 km); City Range: 270 miles (436 km).

# Even more to enjoy? Now you're talking

## More range

Taking electrified driving to *new* lengths, the MG ZS EV is equipped with a 51.9kWh lithium-ion battery delivering up to 198 miles\* of range. The 72.6 kWh lithium-ion battery in the MG ZS EV Long Range model extends that range up to 273 miles\*. Both units are based on a novel modular design that delivers higher energy density without sacrificing battery safety or size.

## More control

ISmart from MG gives you control of a whole range of smart systems - from charging at the most cost-efficient times to controlling key functions with voice commands.

## More vision

The MG ZS EV is equipped with a 360° camera, so you can manoeuvre with confidence in the tightest of spaces.

## More connectivity

This stunning SUV is available in two trim levels; SE and Trophy. With Trophy featuring added connectivity including live traffic and Amazon Music.

\*From a single charge on the WLTP combined cycle: MG ZS EV: Combined Range: 198 miles (320 km), City Range: 266 miles (429 km). MG ZS EV Long Range: Combined Range: 273 miles (440 km), City Range: 370 miles (596 km).

# Bold urban design

In the New MG ZS EV, electric efficiency goes hand-in-hand with head-turning modern styling.

The streamlined, grille-less front exudes confidence, and the new front lights combine 21 LED units for a strong contemporary look. Follow the sleek lines down to the rear and you'll see the newly-designed LED tail lamps that give the car a bold, distinctive expression.

With enhanced exterior style comes added practicality. The updated charging port, found behind the grille area, has been redesigned for easier access, with a spring-loaded cover that opens sideways and creates a better seal.

# Confidence on the inside

Slip inside the New MG ZS EV and you'll see that every inch of the stylish, spacious interior has been meticulously designed to ensure that driver and passengers want for nothing.

## Feel relaxed

Surrounded by modern stitched leather style upholstery\* you can recharge in comfort. Meanwhile, the redesigned automatic air conditioning features a high-class air purification system\* to create and maintain the perfect atmosphere.

## Feel re-energised

Sit back and enjoy the immersive 3D sound of the 6-speaker sound system\*, while your smartphone sits in the wireless phone charger\*. And with three USB ports, everyone on board can easily charge their devices at the same time.

## Feel in control

The highly advanced features of the New MG ZS EV are simple to control via a redesigned 10.1" floating touchscreen control panel that's easy to read, even in strong sunlight. Just reach out and tap Apple CarPlay™, Android Auto™, satellite navigation and more.

\*Trophy models only.

# Electrifying freedom

The New MG ZS EV is designed to make the most efficient use of energy - and your time.

At the heart of its electric powertrain is a powerful lithium-ion battery. With two battery options available to suit your driving requirements, these efficient powerplants are water-cooled to optimise charging and range in all weathers.

Both battery options available offer fast charging capability. Plug the New MG ZS EV into a 7kW domestic charger overnight and wake up to a full charge in just 8 hours\*. Or, if you're on the go, just head to a public charging point (your iSMART app can direct you) and get a rapid charge from 10% to 80% in as little as 36 minutes\*\*.

On the road, you'll also benefit from three levels of regenerative braking - designed to extend your driving range, by enhancing efficiency and energy conservation.

## Refined performance

In the New MG ZS EV, you can just sit back and enjoy the smooth, effortless drive - delivered by a simple-to-use automatic transmission, controlled by a rotary gear selector in the centre console.

There are also three driving modes: Eco, Normal and Sport, allowing the car to fully adapt to your everyday driving needs, whether over long distances or stop/start city traffic.

\*MG ZS EV Long Range offers a full charge using a 7kW domestic charger in 10.5 hours.

\*\*Using a 100kW rapid charger: MG ZS EV Long Range will charge from 10% to 80% in 42 minutes

# MG Pilot

The MG Pilot suite of high-tech driver assistance technology gives you added confidence on the road. A selection of warning and alert features assist the driver, maintaining safety and simplifying everyday driving.

#### **Adaptive Cruise Control (ACC)**

Adaptive Cruise Control monitors the road ahead. As long as the road ahead is clear, ACC maintains the speed set by the driver. If the system spots a slower vehicle within its detection range, it gently reduces speed by releasing the accelerator or actively engaging the brake control system. If the vehicle ahead speeds up or changes lanes, ACC automatically accelerates back to the driver's desired speed.

#### **Intelligent speed limit assist**

The car will actively detect speed limit signs and alert the driver of the current speed limit by way of a symbol on the driver's instrument cluster. The symbol acts as a reminder to the driver, reducing the risk of exceeding the speed limit.

#### **Blind Spot Detection (BSD)**

This system keeps a lookout to help you change lanes safely. A radar sensor serves as BSD's electronic eye, registering objects in hard-to-see areas. Whenever there is a vehicle in the driver's blind spot, a visual signal will show next to the door mirror.

#### **Intelligent high beam assist**

When the headlight high beam is set to the AUTO position, the system automatically switches to low beam when it detects a vehicle ahead. This enables drivers to maximise the use of high beam, making night-time driving safer, without the risk of dazzling oncoming traffic.

#### **Active Emergency Braking (AEB)**

At speeds below 12mph, the car will automatically apply its brakes to avoid a collision with a vehicle, bicycle or pedestrian. At speeds above 12mph, AEB will reduce the likelihood or mitigate the severity of an accident.

#### **Lane Keep Assist (LKA)**

Lane Keep Assist uses a camera to detect lane markings ahead and monitors the vehicle's position in its lane. When the function detects the vehicle is about to unintentionally move out of its lane, it warns the driver by means of a visual, audible and steering wheel vibration. The car will also control the steering to keep within its lane.

#### **Traffic Jam Assist (TJA)**

When Adaptive Cruise Control is turned on, Traffic Jam Assist continuously analyses the speed of the surrounding vehicles and compares it with its own driving speed. If the system detects dense traffic or a traffic jam at speeds below 35mph, the driver can activate TJA. The car will automatically follow the vehicle in front, controlling its acceleration, braking and steering within the same lane.

## Higher intelligence

The innovative ISMART system is designed to elevate your driving experience, delivering a new level of control and interaction with your New MG ZS EV.

The ISMART system integrates car, internet and user communication – giving you the power to operate many functions with hands-free voice control. The dedicated MG smartphone app helps you find your parked car, check its status and find nearby charging points.

Plus, if you need to open your car remotely, just use the Bluetooth key.

ISMART even looks after your MG ZS EV when you're not in it. You can pre-start the climate control system to cool or heat the car before you step inside – as well as using the app to schedule battery charging at whatever time works best for you.

ISMART also gets you and your passengers online with a Wi-Fi hotspot, while updating its software with over-the-air updates.

# What's your colour?

The New MG ZS EV comes in five stunning colours, from standard and metallic to tri-coat, you can look amazing whatever colour you choose.

**BATTERSEA BLUE**  
METALLIC PAINT\*

**MONUMENT SILVER**  
METALLIC PAINT\*

**BLACK PEARL**  
METALLIC PAINT\*

**ARCTIC WHITE**  
STANDARD PAINT

**DYNAMIC RED**  
TRI-COAT PAINT\*

\*Tri-coat and metallic paint optional at extra cost.

# Aftercare

---

## 7 Year Warranty

Lasting peace of mind comes as standard with every MG. The MG ZS EV offers the reassurance of our full 7 year or 80,000 mile warranty, whichever comes first. Our warranty ensures that expert MG technicians will always be able to keep your car in the best of health. It's also fully transferable to future owners.

## MG Service Plans

To enjoy mile after mile of hassle-free motoring, you can avoid the worry of unexpected costs with an MG Service Plan. Your MG will be protected for up to seven years with a mileage range of your choice. And it will have the care and attention of the MG authorised repairer network, offering genuine parts and factory trained staff.

# Our family

The New MG ZS EV is part of our dynamic, forward-looking family of cars. We offer another all-electrified model, the MG5 EV Long Range, as well as a stylish, spacious petrol MG ZS. There's also our fun, nippy hatchback, the MG3, as well as the MG HS SUV, our largest car, which is also available as a plug-in hybrid.

All new MGs offer the reassurance of our 7 year warranty and the friendly expert support of our nationwide network of professional, experienced dealers.

## Book a test drive today

Get behind the wheel of the New MG ZS EV and experience the space, efficiency and smart features first-hand. Book your test drive at your MG dealer today or online at
